

SCVBA Project Hub – Development Notes 6/8/25

General

1. Hoping we can have live links in the Project POC and Project Description areas. The Description might end with something like “submit now via our proposal portal at xxxx.xxx.com.” This point might not be needed after reviewing #3 below.

Project Details

Add Member Directory

Add Member

- "All Member Directory" at top left becomes "All Members"
- "Add Member Directory" at top right becomes "Add Member"
- "Add Member" in left-hand menu becomes "View Directory"

3. In the Add New Project form, please:

a. Change "Project Category" to "Services Needed"

b. Change "Project Image" to:

i. Add Image for Hub Listing

(Logo, Site, POC, etc.)

c. Also Make "Image for Hub Posting" not required

d. Change Key Links area so that multiple links can be added and labeled

The screenshot shows a web form for adding a new project. The form fields are as follows:

- EPC Company Name***: Text input with placeholder "Enter EPC Company name".
- Project Name***: Text input with placeholder "Enter name of project".
- Project Category***: Dropdown menu with "Services Needed" selected. This field is circled in red.
- Alliance Area***: Text input.
- Project Image***: File upload area with a "Choose File" button and "No file chosen" text. Above the button is the text "Add Image for Hub Listing (Logo, Site, POC, etc.)". This area is circled in red.
- Estimated Start Date ***: Date input with placeholder "mm/dd/yyyy" and a calendar icon.
- Estimated End Date**: Date input.
- Project Description***: Text input with placeholder "Enter project description".
- Project POC Name***: Text input with placeholder "Enter POC Name".
- Project POC Phone***: Text input with placeholder "Enter POC Phone".
- Project POC Email***: Text input with placeholder "Enter POC Email".
- Key Links**: A section with two rows. Each row has an "Add Link" button, a text input for the URL, a "Link Label" label, and a text input for the label. The first row has "http://xxx.com" and "Info Portal". The second row has "https://xx1.com" and "Online Spec Sheet". This section is circled in red.
- Relevant Documents***: File upload area with a "Choose Files" button and "No file chosen" text. An arrow points from a yellow box below to this field.

Maybe this takes care of the live link request in #1

Relevant documents should be not required

4. Please match the existing order/spelling for the main menu: Done

HOME ABOUT US BENEFITS MEMBER DIRECTORY REGISTRATION EVENTS PROJECT HUB CONTACT

5. We can use this area for a “Account Login” location:

6. Can you show us how to update look and feel of auto-emails (password reset, verification, etc.?)

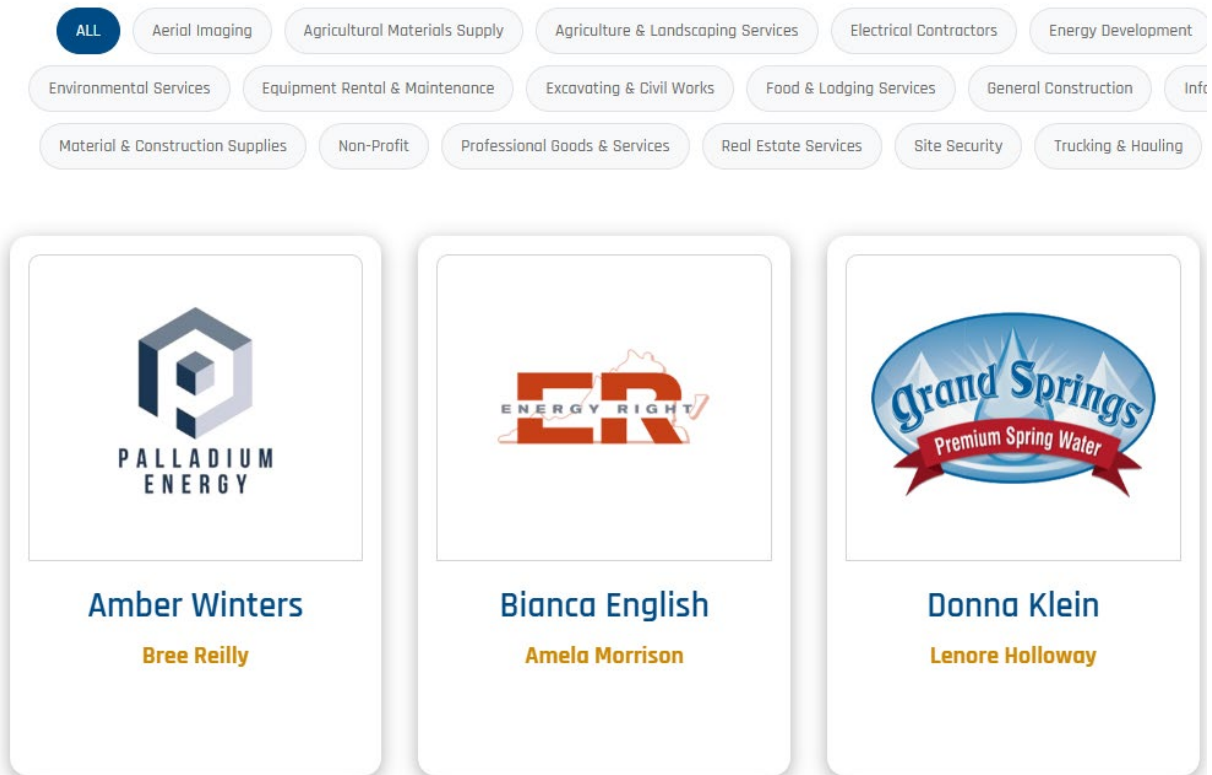

7. Is this how the contractors/members with Hub access and the EPCs will view the list of contractors/members, and then each company would only see “View” for all listings, except for their own, which would include “Edit” and “Delete”?

8. In the public “Member Directory” how do these boxes get created? Is it a dynamic process or is it something the Super Admin will have to do manually?

- 9.
- a. So just to make sure we are on the same page, there will be three listing views. The general public can see the Member Directory without logging in:

- b. Paid members with Hub Access will view a directory like this:

| All Member Directory | | | | | | |
|-------------------------|---|----------------|--|---------------------------|-------------------|---|
| Search by Business Name | | | | | | |
| No. | Company Logo | Business Name | Membership Category | Address | Phone No | Website URL |
| 1. |  | Caesar Guerra | Agricultural Materials Supply Agriculture & Landscaping Services Electrical Contractors | West James Plc | +1 (347) 169-5808 | https://www.kutowedo.mobi dupokyv@mailinator.com Amet quod sed non v |
| 2. |  | Bianca English | Agricultural Materials Supply Agriculture & Landscaping Services Energy Development | Robinson and Guerrero Co | +1 (915) 959-6511 | https://www.lomo.ca luzavewoz@mailinator.com llo consequatur ve |
| 3. |  | Dennis Barry | Aerial Imaging Agriculture & Landscaping Services | Castro and Osborn Traders | +1 (675) 218-5433 | https://www.gymnirmyzse.org.uk ruse@mailinator.com Eos consequatur id |

With the option to click on a “View” button and get a more in-depth pop-up on the company/contractor like this:

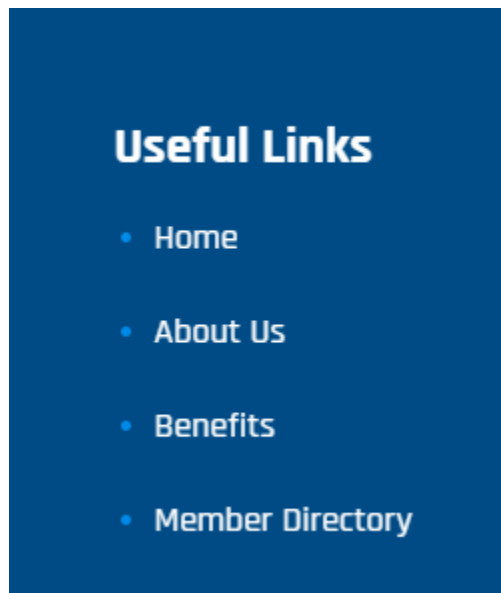

| | |
|---|---|
| Business Name Amelia Morrison | Membership Category Energy Development, Agriculture & Landscaping Services, Agricultural Materials Supply |
| Address Robinson and Guerrero Co | Name of Contact Amelia Morrison |
| Email luzavewoz@mailinator.com | Phone +1 (915) 959-6511 |
| Website URL https://www.lomo.ca | Facebook llo consequatur ve |
| Description of Company and Services Placeat laborum aut | How did you hear about us? Inure llo voluptas |

(If this is correct, we should make sure that with this option, they can add more info like PDF files, marketing collateral, etc.)

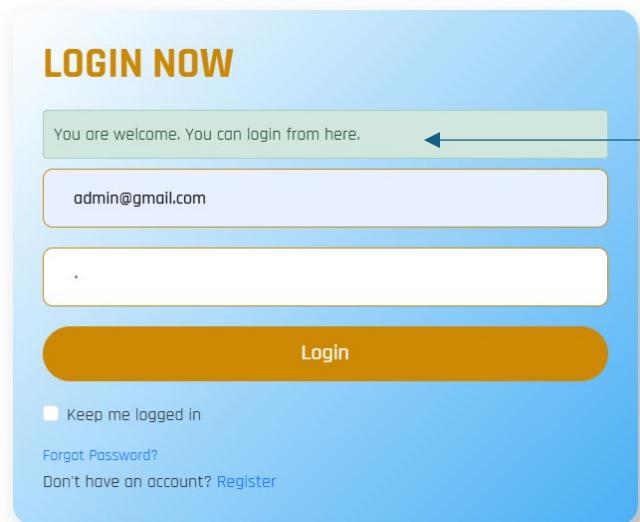

- c. And then the project listings view will be accessible to paid (\$300) members/contractors and the EPCs

| Project Listings | | | | | | | | | |

- d. We should talk about how projects will be displayed on the “Project Hub” page on the website.
10. How do you edit this footer menu? I don’t see it in footer admin panel. Can it be a separate menu so you can include some pages, like “Careers” that won’t be in the main navigation menu?

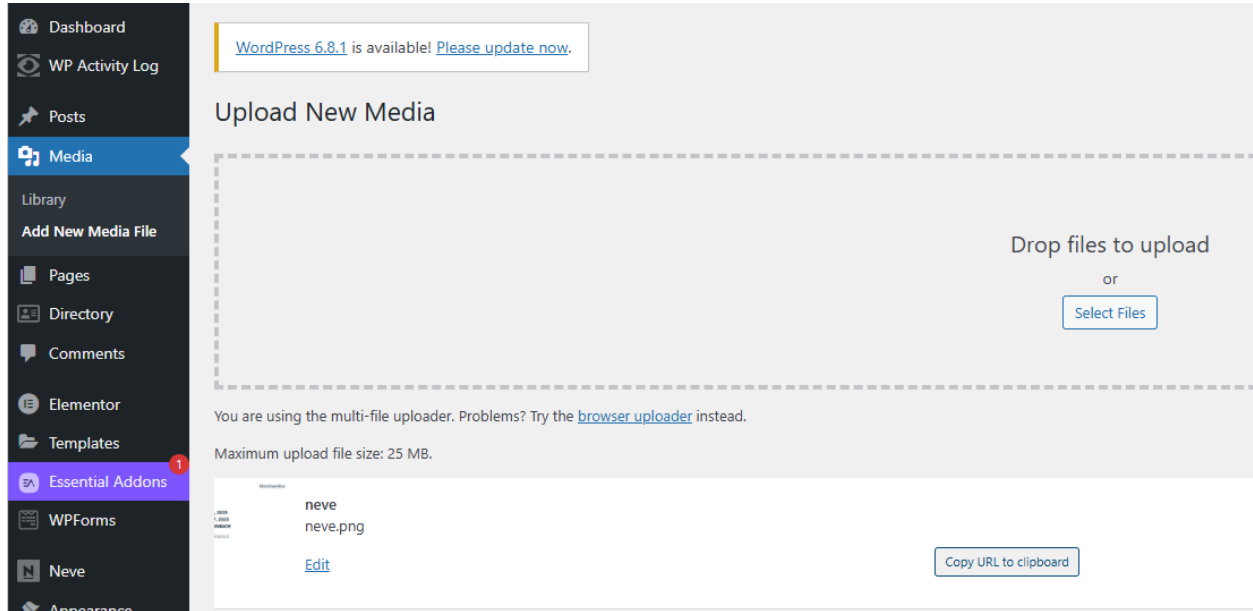

11.

A screenshot of a light blue login form. At the top, it says 'LOGIN NOW' in bold orange text. Below that is a green message box containing the text 'You are welcome. You can login from here.' with a blue arrow pointing to it from a callout box on the right. Underneath is a light blue input field containing 'admin@gmail.com', followed by a white input field with a single dot. Below these is an orange rounded button labeled 'Login'. At the bottom, there is a checkbox labeled 'Keep me logged in', a link 'Forgot Password?', and a link 'Don't have an account? Register'.

How do you edit the preset form field text?

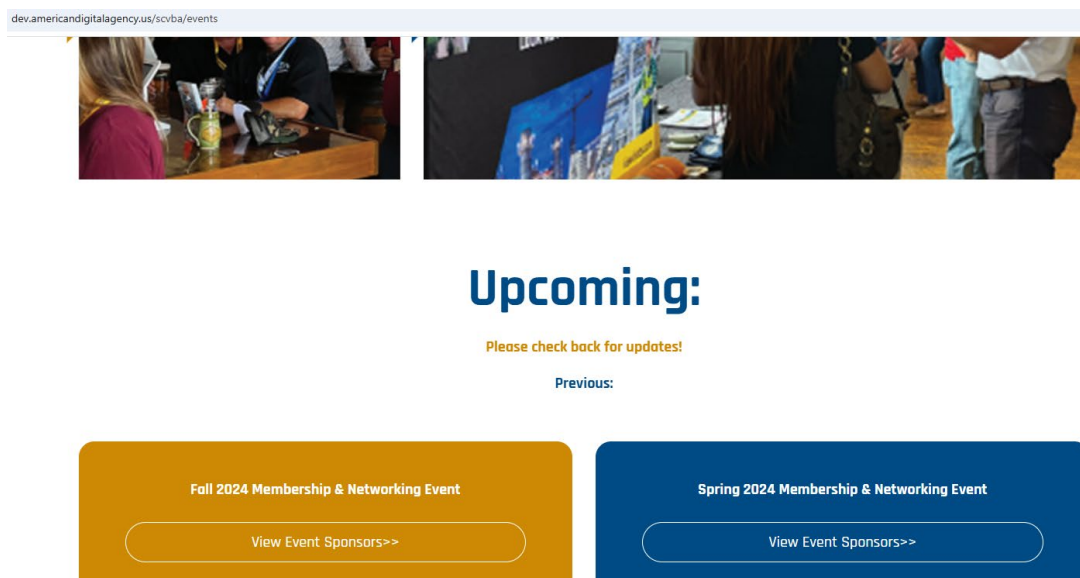

Media

Is there a way to have a media repository like WordPress does? I'm thinking of how you can add an image or PDF to the library and then copy a direct link to it for use elsewhere in the site:

Events

Assume this page will just have the ability to add events/content via the Site Settings CMS section? By the way, let's delete the previous event sections.

Jobs

SCVBA is looking for a new Director so we just did a one-off job page to promote it (<https://scvba-biz.org/job-opportunities/>). How would we do something similar in the Laravel system? I think you said it's not possible to add new pages at will, so would it be best to create a Careers page? Or maybe it becomes a section in the About Us page?
